About the Workshop

Processing is the ability to attach meaning to stimuli presented or received, to then formulate a response. Processing auditory information occurs on a continuum, beginning with auditory processing and progressing to language processing. Accessory components include memory and word retrieval. Numerous children have difficulty efficiently and effectively processing auditory information. Language processing can be identified through an identifiable pattern of symptomatic behaviors which can be observed by teachers and other school personnel in an educational setting. Once diagnosed, intervention to compensate for the deficits can alleviate frustration and confusion on the part of parents, students, and teachers. This workshop will differentiate between auditory and language processing disorders and present techniques for assessment and intervention across the processing continuum.

Workshop Agenda

8:00.................. Registration
8:30 -10:00......... Introduction to Processing Continuum
.......................... Definitions and Examples of Processing Deficits
.......................... Hierarchy of Processing - Auditory to Language
.......................... Neurological Model for Processing
10:00 – 10:15 ...... Break
10:15-12:00 .......... Behavioral Characteristics
.......................... Academic Readiness
.......................... Auditory and Language Processing Assessment
.......................... Preschool Precursors to Processing Disorders
12:00 - 1:00........ Lunch
1:00 – 2:15........ Neurology of Learning
.......................... Attention
.......................... Movement
.......................... Motivation
.......................... Auditory Processing Intervention Strategies
2:15-2:30............. Break
2:30-3:30.......... Memory & Word Retrieval Strategies
.......................... Language Processing Intervention Strategies
.......................... Summary Comments & Questions

About the Presenter

Gail J. Richard, Ph.D., CCC-SLP, is a professor and Chair in the Department of Communication Disorders & Sciences at Eastern Illinois University in Charleston, IL. Gail enjoys the challenges presented in childhood developmental language disorders, such as autistic spectrum disorders, language processing, language-learning disabilities, executive functions, and selective mutism. Prior to her thirty-two years at Eastern, professional experience included working as a public school speech clinician.

Professional honors and awards include Honors of the Illinois Speech-Language Hearing Association, Fellow of the American Speech-Language-Hearing Association and Illinois Speech-Language-Hearing Association, recipient of the Illinois Clinical Achievement Award, ASHA Legislative Council, Distinguished Alumnus Award at Eastern Illinois University and Southern Illinois University - Carbondale, five Faculty Excellence Awards at Eastern Illinois University, and the 2000 Distinguished Scholar Award of the Year. Dr. Richard is currently on the ASHA Board of Directors as the Vice President for Speech-Language Pathology Practice. She has multiple publications, including diagnostic assessment instruments, clinical materials, book chapters, articles, and 8 books in the “Source for…” series published by LinguiSystems.

3 Ways To Register:

1. Visit www.speakfreelytherapy.ca - Submit and Call in Credit Card Info
2. Fill Out Form Below and Fax (705) 730-0558 or Mail in with Cheque or Credit Card Info
3. Call Speak Freely Directly (705) 730-1006 and Register with Reception

Registration form for “Auditory and Language Processing Disorders” Workshop

Your Name: ___________________________________________________________________________

Are You A: □ Professional ($200) □ Student ($100) □ Parent ($100)

Amount to be Charged to Credit Card $___________________________________________________

Phone: day ( ) _________________________ evening ( ) ____________________________

Email: ___________________________________________________________________________________

Company Name: (If Applicable) ______________________________________________________________

Mailing Address: __________________________________________ Postal Code: ______________

I will be attending the ‘Auditory and Language Processing Disorders’ Workshop on:

Tuesday, May 21, 2013 - 8:00am - 3:30pm
Liberty North - 100 Caplan Avenue, Unit 1, Barrie, Ontario, L4N 9J2

Cost: $200 for Professionals or $100 for Parents and/or Students

Mail registration form with a CHEQUE made payable to “Speak Freely Therapy Services”:
149 Welham Road, Unit 19, Barrie, ON L4N 8Y3

CREDIT CARD □ VISA □ MASTERCARD □ AMERICAN EXPRESS

Card Number: ___________________________ Expiry: DD / MM / YYYY Security Code: _______

REGISTRATION DEADLINE: MAY 3rd 2013

Register early as space is limited! We are UNABLE to accept post-dated cheques. Receipts will be issued at the workshop. We are UNABLE to issue refunds or credits but you may send another person in your place.
